Dear Sir or Madam:

New Tesco Development

I would like to take this opportunity to make you aware of the works which are beginning on Teiglum Road for the construction of a new Tesco Store and Petrol Filling Station. The works are programmed from 5th July 2010 to 22nd November 2010 when the store will officially open.

Barr Construction will undertake the development working closely with South Lanarkshire Council to ensure that the works are managed effectively and efficiently with minimum disruption caused throughout the area to you as a neighbour.

The development consists of the demolition to the old Lorry Park with the construction of a Petrol Filling Station and New Eco friendly store. Also within the development Barr Construction will undertake improvement works to Teiglum road consisting of resurfacing works, junction improvement works and the installation of a new pelican crossing which will improve pedestrian safety on the road.

Barr Construction will endeavour to carryout the works as quickly as practicably possible ensuring the works are completed safely with minimum disruption to the surrounding area.

If you have any queries on the development please do not hesitate to contact myself on the above number or email address where I would be happy to respond.

Sincerely,

Stuart Young
Project Manager
